Solicitation will be primarily by mail but proxies may also be solicited by telephone, or personally by directors, officers or employees of the Corporation. The Corporation will bear all expenses in connection with the solicitation of proxies.

VOTING BY PROXY

Shares represented by properly executed proxies in favour of the persons designated in the enclosed form of proxy will be voted or withheld from voting on any ballot that may be called for and, if the shareholder specifies a choice in respect of the matters to be voted upon, the shares shall be voted or withheld from voting in accordance with the specification made by the shareholder. **If no specification is made, such shares will be voted for (i) the election of the directors specified in this Circular; (ii) the appointment of the independent auditors named in this Circular and the fixing of their remuneration by the directors; (iii) the adoption of the Stock Option Plan Resolution; and (iv) the adoption of a resolution ratifying, confirming and approving the Corporation’s new advance notice By-Law No. 2018-01.**

The enclosed proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice (as defined below) relating to the Meeting and other matters which may properly come before the Meeting other than for the election of a director who would not be named in this Circular. 2. Board Mandate

Role of the Board

The Board is elected by the Corporation’s shareholders to supervise, directly and through its committees, the management of the business and affairs of the Corporation, which are conducted by its officers and employees under the direction of the CEO.

The primary stewardship responsibility of the Board is to ensure that the management conducts the business and affairs of the Corporation with the main objectives to enhance shareholder value in a manner that recognizes the concerns of other stakeholders in the Corporation, including its employees, suppliers, customers and the communities in which it operates, to continuously improve the Corporation's performance and quality of its products and services, and to ensure its continuous growth and development. In doing so, the members of the Board must act honestly and in good faith with a view to the best interests of the Corporation.

Mandate and Objectives

The mandate of the Board includes setting long-term goals and objectives for the Corporation, formulating the plans and strategies necessary to achieve those objectives, and supervising senior management who is responsible for the implementation of the Board's objectives and day-to-day management of the Corporation. The Board retains a supervisory role and ultimate responsibility for all matters relating to the Corporation and its business.

The Board discharges its responsibility both directly and through its committees, including the Audit Committee and the Human Resources Committee. The Board may also appoint ad hoc committees periodically to address issues on a more short-term tenure.

Composition and Procedures

Size of Board and selection process – Subject to the minimum number of directors set out at two in the articles of the Corporation, the Board takes into account recommendations of the Human Resources Committee with respect to the desired size and profile of the Board, the need for recruitment and the expected experience of new candidates.

The size of the Board must be sufficient in number to ensure a diversity of skills and perspectives and to provide useful experience to the Board supervising the management of the Corporation as well as members on the various Board committees, while allowing the Board to function efficiently and effectively.

The Human Resources Committee reviews and recommends to the Board the candidates for nomination and election as directors. The Board approves the final choice of candidates for nomination and election by the shareholders. Between annual meetings, the Board may appoint directors to serve until the next annual meeting in compliance with the provisions of the Corporation's articles and by-laws.

Qualifications – Directors should have the highest personal and professional ethics and values and be committed to advancing the best interests of the shareholders of the Corporation. They should possess skills and competencies in areas that are relevant to the Corporation's activities, solid business experience, good judgment, integrity, financial literacy and the ability to allocate the necessary time and effort to perform Board and committees duties. A majority of the Board shall be composed of independent directors within the meaning of section 1.4 of Regulation 52-110.

The retirement age for members of the Board is normally fixed at 75 years.

Chairman of the Board – The Board, upon the recommendation of the Human Resources Committee, shall appoint a Chairman of the Board, who should be an independent director. At all times the same person may not occupy the position of Chairman of the Board and of the CEO.

Director orientation – The Chairman of the Board, the CEO and the Chief Financial Officer are responsible for providing an orientation and education program for new directors with a view to ascertaining that all new directors fully understand the role of the Board and its committees, as well as the contribution individual directors are expected to make (including, in particular, the commitment of time and energy that the Corporation expects from its directors), and the nature and operation of the Corporation's business. The Board shall encourage and provide opportunities for all directors to continually update their skills as well as their knowledge of the Corporation, its business and its senior management, through the orientation and education program.

Committees – The Board has established two standing committees to assist the Board in discharging its responsibilities: the Audit Committee and the Human Resources Committee. Special committees may be established from time to time to assist the Board in connection with specific matters on a more short-term tenure. Each committee operates according to a Board approved written mandate outlining its duties and responsibilities. The chair of each committee reports to the Board following meetings of the committee.

Evaluation – The Human Resources Committee bears the responsibility to assess the Board's performance as a whole as well as that of individual directors and performs an annual evaluation of the effectiveness of the Board as a whole, the committees of the Board and the contributions of individual directors. The Human Resources Committee reports to the Board on such evaluation.

Meeting and Procedures – The Board meets at least quarterly and as many additional times as necessary to carry out its duties effectively. The Board is responsible for its agenda. Prior to each Board meeting, the CEO discusses agenda items for the meeting with the Chairman of the Board. The independent directors meet, without the presence of members of management, at the end of each regular meeting (unless they waive such requirement). They have at least two such meetings each year.

Quorum for meetings of the Board shall be a majority of its members; quorum shall be maintained throughout the meeting. The powers of the Board may be exercised at a meeting at which a quorum of the Board is present in person or by telephone or other electronic means or by a resolution signed by all members entitled to vote on that resolution at a meeting of the Board.

Each member (including the Chairman of the Board) is entitled to one vote in Board proceedings.

At all meetings of the Board, every question shall be decided by a majority of the votes cast. In the case of an equality of votes, the Chairman of the Board shall not be entitled to a second vote.

Duties and Responsibilities of the Board

Board organization - The Board takes into account recommendations of the Human Resources Committee, but retains responsibility for managing its own affairs by giving its approval of its composition and size, the selection of the Chairman of the Board, candidates nominated for election to the Board, committees and committees' chairmen appointments, committees' charters and directors compensation. The Board shall ensure that the compensation adequately reflects the risks and responsibilities, and time commitment involved in being an effective director.

The Board may delegate to committees matters that the Board is responsible for, including the approval of compensation of the Board and senior management, the conduct of performance evaluations and oversight of internal control systems, but the Board retains its oversight function and ultimate responsibility for these matters and all other delegated responsibilities. The Board is responsible for ensuring that measures are taken to orient new directors regarding the role of the Board, its committees and its directors and the nature and operation of the Corporation's business. The Board is also responsible for ensuring that measures are taken to provide continuing education for its directors to ensure that they maintain the skill and knowledge necessary to meet their obligations as directors. The Board is responsible for ensuring that appropriate structures and procedures are in place so that the Board and its committees can function independently of management.

Strategic planning - The Board holds a meeting with senior management to review the Corporation's strategic plan and annual plan and approve such plans. The Board shall take into account, among other things, the opportunities and risks of the business, market and product global trends, and growth potential. The Board is responsible for providing input to senior management on emerging trends and issues and on strategic and annual plans, objectives and goals that management develops.

Risk assessment - The Board shall ensure that the principal risks of the Corporation are identified and that the measures to mitigate and manage such risks are implemented. The Board monitors the conduct of the Corporation and ensures that it complies with applicable legal and regulatory requirements.

Integrity - The Board shall, to the extent feasible, satisfy itself as to the integrity of the CEO and other executive officers and satisfy itself that the CEO and other executive officers create a culture of integrity throughout the organization. The Board is responsible for taking steps to ensure that directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest. The Board is responsible for reviewing and monitoring the controls and procedures within the Corporation to maintain the integrity and accuracy of its financial reporting, internal controls and disclosure controls, and management information systems, and compliance with its Code of Conduct.

Management - The Board is responsible for reviewing and approving, upon the recommendation of the Human Resources Committee, the appointment, compensation, and performance of the CEO and senior management. The Board is responsible for developing written position descriptions for both the Chairman of the Board and the CEO. The Board ensures that adequate plans are in place for senior management development, training and succession.

Governance, Policies and Procedures - The Board, with the assistance of the Human Resources Committee, is responsible for implementing and maintaining sound corporate governance practices in adopting principles, policies and procedures applicable to the Corporation. The Board is responsible for reviewing and approving key policy statements developed by management on issues such as ethics, compliance, communications, environment, health and safety, and public disclosures.

Except for the Audit Committee, the retention and the terms and conditions of the retention of external advisors shall receive prior approval by the Human Resources Committee. The Corporation provides the funds reasonably necessary to pay for the services of these external consultants.

3. Position Descriptions

- (a) The Board has developed a written position description for the chairman of the Board (see paragraph 1 (f) above) and for the chair of each board committee. The Board has adopted general terms describing the responsibilities of the chair of each board committee, namely those of presiding committee meetings, and overseeing the way in which the relevant board committee carries out its mandate. The chair of a board committee is required, following a meeting of such committee, to report to the Board at the next regularly scheduled meeting of the Board. The chair of each board committee is responsible for the management, the development and the effective performance of the committee. The chair of each board committee provides leadership and direction to the committee for all aspects of the committee's work and takes all reasonable measures to ensure such committee fulfils its responsibilities.
- (b) The Board and the CEO have developed a written position description for the CEO. Pursuant to such position description, the CEO provides effective leadership and vision for the Corporation to grow value responsibly, in a profitable and sustainable manner and, subject to approved policies and direction by the Board, manages the business and affairs of the Corporation and oversees the execution of its strategic plan and annual plan. In addition to managing the business and affairs of the Corporation, the CEO shall have specific duties set out in the written position description and such other powers and duties as the Board may specify. The CEO has a responsibility to act in the best interests of the Corporation in accordance with applicable legislation and sound governance principles.

4. Orientation and Continuing Education

New directors participate in an initial information session on the Corporation in the presence of management representatives. In addition, they are furnished with appropriate documentation relating to the commercial activities of the Corporation and the internal organization of the Corporation and with a copy of the Board's Manual. The meetings in which new directors participate (including annual strategic planning sessions) as well as discussions with other directors and with management permit new directors to familiarize themselves rapidly with the operations of the Corporation.

The Board's Manual is updated periodically and contains pertinent material and information on the Corporation, the Board, and its Committees. Directors meet with the Chairman of the Board, the CEO and members of Management to discuss the Corporation's operations and are given periodic presentations on a particular product line or on a specific business development. New Directors benefit from guided tours of the Corporation's installations. From time to time and before each meeting of the Board, each Director is provided with publications concerning recent industry's developments, new applicable legislation as well as any relevant information.

5. Ethical Business Conduct

- (a) On May 24, 2016, the Board adopted a revised *Code of Conduct*, to help the Corporation's directors, officers and employees to take a consistent approach on key integrity issues. The *Code of Conduct* may be obtained upon written request to the Secretary, Héroux-Devtek Inc., Suite 658, East Tower, Complexe Saint-Charles, 1111 Saint-Charles Street W., Longueuil, Québec, Canada, J4K 5G4.

The Board also adopted a *Supplier Code of Conduct* to help the Corporation's suppliers, vendors and other third party contractors take an approach which meets the Corporation's ethics and compliance expectations.

The Board has the responsibility of reviewing and monitoring the controls and procedures within the Corporation to maintain the integrity and accuracy of its financial reporting, internal controls and disclosure controls, and management information systems, and compliance with its *Code of Conduct* and its *Supplier Code of Conduct*. The Board discharges its responsibility of monitoring compliance with the *Code of Conduct* and its *Supplier Code of Conduct* through the Human Resources Committee.

The Corporation has also developed and implemented and the Board has approved various corporate policies including a corporate disclosure and insider trading policy and a whistle-blower policy. The Corporation will periodically ask employees to acknowledge their commitment to the Corporation's *Code of Conduct*. A procedure has been put in place so that employees may raise an integrity concern by written or oral communications and it may also be anonymous.

- (b) In order to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest, should it occur, the Board will ask the director or executive officer interested in the transaction or agreement to withdraw during the discussions pertaining to such transaction or agreement.

6. Nomination of Directors

The Human Resources Committee is responsible for identifying and recommending potential appointees to the Board. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Corporation, the ability to devote the time required, shown support for the Corporation's mission and strategic objectives, and a willingness to serve. The Human Resources Committee is composed of at least three directors appointed by the Board, each of whom the Board has determined to be independent as contemplated by the laws, regulations and listing requirements to which the Corporation is subject. The CEO of the Corporation takes part in the work of the Human Resources Committee as a non-voting member and removes himself where the Human Resources Committee decides on his remuneration and on corporate governance matters.

7. Compensation

The Human Resources Committee is charged with reviewing on an annual basis the compensation and benefits paid to the directors in light of market conditions and practice and in light of risks and responsibilities.

8. Other Board Committees

The Board has no standing committees other than the Audit Committee and the Human Resources Committee.

9. Assessments

The Human Resources Committee is responsible for monitoring the effectiveness of the Board and the performance of the directors. The process is facilitated by questionnaires sent by the Chair of the Human Resources Committee to enable individual directors to provide feedback on the effectiveness of the Board and its Committees. Following receipt of the questionnaires, the Chair of the Human Resources Committee may contact the directors separately in order to discuss their answer to the questionnaires. The Human Resources Committee assesses the operation of the Board and the committees, the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees. The Human Resources Committee recommends changes to enhance the performance of the Board based on the survey feedback.

10. Majority Voting Policy

The Board, upon recommendation of the Human Resources Committee, adopted and implemented a majority voting policy. Such policy provides that in an uncontested election of directors of the Corporation, any nominee who receives a greater number of votes "withheld" than votes "for" will promptly tender his or her resignation to the Chairman of the Board following the Corporation's meeting of shareholders. The Human Resources Committee shall consider the resignation offer and shall recommend to the Board whether to accept it or not. The Board will make its decision and announce it in a press release within 90 days following the meeting, including the reasons for rejecting the resignation, if applicable. A director who tenders a resignation pursuant to this policy will not participate in any meeting of the Board or the Human Resources Committee at which the resignation is considered.

11. Term of office and other processes for the renewal of the Board of Directors

The Corporation has not fixed a maximum term of office for its directors other than the retirement age normally fixed at 75 years. The Corporation has not established a formal process for the renewal of Board membership. The Board is of the view that it is in the Corporation's best interests to retain experienced board members who are familiar with the Corporation's business and can provide continuity to its management.

12. Policies Regarding the Representation of Women

The Corporation does not have a formal policy with respect to the representation of women on the Board. The Board does not foresee the adoption of such a policy in the near future. The Board further believes it will require time to properly assess its objectives, targets and capabilities in order to identify and attract qualified women to serve on the Board.

The Board is mindful of the benefit of diversity on the Board and regards involvement of women and their experience and input as constructive to the Board's decision-making process. Establishing and implementing a policy regarding female representation on the Board will be an element that the Corporation will take into consideration going forward.

As at June 1, 2018, 25% of the Board members are women. The Board is committed to increasing that level as board turnover occurs from time to time taking into account the skills, background, experience and knowledge desired at a particular time by the Board and its committees.

13. Consideration of the Representation of Women in the Director Identification and Selection Process

The Human Resources Committee will, within the purview of its mandate, have the responsibility to take gender into consideration as part of its overall recruitment and selection process in respect of the Board. Accordingly, when searching for new directors, the Human Resources Committee will consider the level of women representation on the Board and, where appropriate, will recruit qualified women candidates as part of the Corporation's overall recruitment and selection process to fill Board positions, as the need arises, through vacancies, growth or otherwise.

14. Consideration Given to the Representation of Women in Executive Officer Appointments

The Corporation will consider and be sensitive to the representation of women when making executive officer appointments. However, considering the small number of positions in question, the Corporation refrains from setting targets for the representation of women among its executive officers. It is important that each individual appointed as an executive officer be considered on the individual's merits and on the needs of the Corporation at the relevant time. Targets based on specific criteria could limit the Corporation's ability to appoint the individual who is the best qualified for the position. As of June 1, 2018, there is one woman, the Vice-President, Corporate Controller, occupying an executive officer position with the Corporation. The Corporation will however be committed to increasing the gender diversity of its executive officers going forward.

The Corporation's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Corporation has not adopted a measurable objective for achieving gender diversity on the Board or in executive officer positions. The Corporation will consider establishing measurable objectives and targets as it further develops.

Deferred Share Unit Plan

The DSU Plan for non-employee directors adopted by the Board in May 2011, as amended, is intended to enhance the Corporation's ability to attract and retain high quality individuals to serve as members of the Board and participate in the Corporation's long-term success and to promote a greater alignment of interests between the Corporation's non-employee directors and its shareholders.

The DSU Plan is administered by the Human Resources Committee. The DSU Plan enables the participants to receive upon termination of service as director, a cash amount equal to the market price of a common share on the termination date for each vested DSU (the “**DSU Payment**”). The number of DSUs to be granted is determined on the basis of the volume weighted average trading price (“**VWAP**”) of the common shares of the Corporation traded on the TSX, for the five trading days preceding the date of the award of the DSUs.

An eligible director under the DSU Plan may elect annually to receive up to 100% of its annual retainer fees in DSUs. In addition, all non-employee directors will generally receive a discretionary number of DSUs that would represent, on the date of their grant, \$35,000 for Canadian directors, US\$35,000 for non-Canadian directors and \$40,000 for the Chairman. The portion of DSUs granted to a director as annual retainer fees will usually vest in stages over 12 months starting on August 1st of each year of grant with 1/12 of the DSUs vesting on the last day of each month.

The DSU Payments are only made upon termination of service of a participant either by resignation, upon dismissal, at the end of the term of office or upon disability or death of such participant.

The DSU Plan was adopted on May 26, 2011. At March 31, 2018, 136,170 DSUs (135,815 DSUs at March 31, 2017) were outstanding.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Governance

Human Resources Committee

The Human Resources Committee has the responsibility to establish a compensation policy for the executive officers that is consistent with the Corporation's business plan, strategies and objectives. This Committee has, namely, the responsibility to analyze for the Board all questions relating to human resources planning, compensation for executive officers, directors and other employees, short and long-term incentive programs, employee benefits programs, and recommends the appointment of executive officers.

As at March 31, 2018, the Human Resources Committee was made up of the following three independent directors: Paule Doré, who is the Chair, Brian A. Robbins and James J. Morris. All members of the Human Resources Committee are considered to be independent members under the applicable securities legislation. They all possess experience in the area of executive compensation, either as former CEOs of publicly traded companies or as executives. Specifically, Ms. Doré, was Executive Vice-President, Chief Corporate Officer and Chair of the Corporate Governance committee of CGI Group Inc., as well as their top HR executive for more than 15 years and was a member of the Human Resources Committee of Cogeco Inc. Mr. Robbins is President and Chief Executive Officer of Exco Technologies Limited. Mr. Morris was, up to December 31, 2006, Vice President Engineering and Manufacturing for Boeing Commercial Airplanes.

The Board believes that the members of the Human Resources Committee possess the combined knowledge, experience and backgrounds necessary to fulfill the Committee's mandate.

External Independent Consultant.

The Human Resources Committee in consultation with management has retained PCI - Perrault Consulting Inc. (“**PCI**”) in fiscal 2018 to prepare a compensation market positioning for all executive positions, including the Named Executives (as defined hereinafter). The analysis included a detailed review of long-term incentive market practices. PCI also conducted a market positioning analysis of the Corporation's with Board member compensation. The Corporation has appointed PCI initially in February 2009 to provide assistance with respect to Board member and executive compensation matters. PCI is a Montreal based company founded in 2001 which has extensive expertise in competitive, organization specific executive compensation design, including short and long-term incentives, and overall compensation management.

Discussion and Analysis

Objectives of the Compensation Policy

The compensation policy has the following primary objectives:

- offer total compensation capable of attracting and retaining top level executive officers required to ensure the Corporation's short and long-term goals and success;
- motivate the executive officers in achieving and exceeding the goals of the Corporation and of its shareholders;
- provide executive officers with total compensation that stands at the first quartile of the market comparators when the Corporation achieves or exceeds its profitability and shareholder value creation goals.

The compensation policy is established in such a way to compensate the executive officers and other key employees considering market and Corporation's performance.

Compensation and Risk Management

As per its Charter, the Human Resources Committee is responsible for the risk oversight of the Corporation's compensation policies and practices.

In fiscal 2013, the Board, upon recommendation of the Human Resources Committee, adopted and implemented a risk management policy which considers the implications of the risks associated with the Corporation's compensation policies and practices. Such policy is reviewed annually by the Human Resources Committee and updated as the case maybe.

The policy establishes that Management is responsible for ensuring that procedures are in place to identify and assess all risks associated with the Corporation's compensation policies and practices and to report to the Human Resources Committee on the steps taken to identify, monitor and mitigate risks associated with compensation policies and practices.

As part of the policy, Management evaluates risk exposures related to compensation of the Board, executives, management and the broader employee population, with a focus on the short and long term Incentive plans. This includes:

- identifying any such policies or practices that may encourage executive officers to take inappropriate or excessive risks,
- identifying risks arising from such policies and practices that could have a material adverse effect on the Corporation and
- considering the possible risk implications of the Corporation's compensation policies and practices and any proposed changes to them.

The following procedures are followed by Management to identify and mitigate compensation policies and practices that could encourage an executive officer or an individual at a principal business unit, region or product line to take inappropriate or excessive risks:

- annual assessment of the Corporation’s compensation policies and practices, including a review and analysis of the aspects of those policies that may lead to risky behavior on the part of an executive officer or any other individual;
- dialogue and communication with experts outside the Corporation (as necessary) regarding an analysis of the risks associated with the Corporation’s compensation policies and practices and a review of the risk identification and mitigation practices used by other public companies; and
- scheduling of *in camera* sessions of the Human Resources Committee allowing the members of this committee to discuss and analyze the risks associated with the Corporation’s compensation policies and practices without the presence of members of management.

In keeping with the above, during fiscal 2018, the Human Resources Committee reviewed Management’s report about the Corporation’s compensation policies and practices, taking into account risks associated therewith. The Committee has not identified any risks associated with the Corporation’s compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

The Human Resources Committee is of the opinion that the total compensation of the executive officers is balanced to avoid any potential risk that may result from taking actions to maximize compensation without regard for the risk assumed by the Corporation.

Restrictions on trading and hedging of Corporation shares

The Corporation has adopted a policy refraining its directors and officers from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held directly or indirectly by the director, officer or employee.

Market Comparator and Positioning

The Corporation’s positioning in the market with respect to compensation for executive officers is assessed based on a comparator group that serves as a reference group, as suggested by PCI and approved by Human Resources Committee. PCI’s analysis conducted in 2018 included 12 companies selected considering criteria such as annual revenues between US \$265 million and US \$1,877 million, comparable customer base, publicly-traded, autonomous, market for potential recruitment and entrepreneurial culture (the “**Comparator Group**”).

In 2018, two Canadian companies (Exchange Income Corporation and HNZ Group), were removed from the Comparator Group as they are no longer considered relevant comparisons for the Corporation.

The Comparator Group is composed of the following companies:

Companies	Selection criteria	Revenues
		(000’s)
AAR Corp.	Aerospace & Defense	US \$1,768
Aerojet Rocketdyne	Aerospace & Defense	US \$1,877

Components of the Compensation Policy

The compensation policy consists of the sum of:

- salary;
- annual incentive (bonus) compensation;
- long term incentive compensation;
- benefits and perquisites; and
- pension.

Each of these elements, together with the Corporation philosophy with respect to same, is hereinafter detailed.

Salary

The Corporation's salary policy is to pay salaries for executive officers around the 25th percentile of the Comparator Group. All executive officers salaries are evaluated and classified with a salary grade. For each salary grade, a salary range is set with a minimum of 80% and a maximum of 120% of a salary mid-point. Salaries paid aim at the mid-point of this salary scale but reflect the individual's performance, tenure in the job, etc. The salaries of the executive officers are reviewed and adjusted yearly by the Human Resources Committee considering the individual performance and the Comparator Group.

Annual Incentive Compensation

The Corporation offers executive officers the possibility to earn an annual bonus provided the Corporation achieves or exceeds its financial objectives and provided the executive officer or employee achieves specific personal objectives. The annual bonus for the product line or business unit executives and employees rests on financial objectives set against the fiscal year's budget. The annual bonus rests on the achievement of the budgeted net income for the President and Chief Executive Officer, the Executive Vice-President and Chief Operating Officer, the Executive Vice-President, Business Development and Special Projects and the Chief Financial Officer, and the return on net utilized assets ("RONA") and operating income for the Managing Director UK Region. The combination of salary and annual bonus target shall be between the 25th percentile and the 50th percentile of the Comparator Group.

The bonus is calculated based on the degree of achievement of the financial performance presented in the annual budget of the Corporation. In order to be eligible to receive bonuses based on financial performance, the region/product line or business unit shall have met at least 80% of its financial target budget. If such goal is achieved, the bonus payout, expressed as a percentage of target bonus could go from 40% to 120% for eligible managers, 130% for senior managers and 170% for some Named Executives (as hereinafter defined) depending on the level of achievement.

The Named Executives of the Corporation are the President and Chief Executive Officer, the Chief Financial Officer and the Corporation's three most highly compensated executive officers other than the President and Chief Executive Officer and the Chief Financial Officer (the "**Named Executives**").

The final bonus to be paid to each executive officer and key employee will also take into account the performance of the Corporation as a whole based on consolidated net income. Therefore, the total annual incentive compensation paid based on the Corporation's performance is composed of the following:

For positions with corporate responsibilities:

- 100% of the target bonus is based on the Corporation's performance as a whole.

For positions with region, product line and/or business unit responsibilities:

- 25% of the target bonus is based on the Corporation's performance as a whole; and,
- 75% of the target bonus is based on the region, product line and/or business unit performance.

The following table summarizes the details of the annual incentive compensation:

Position	Performance Measures	Weighting	Threshold Levels
President & Chief Executive Officer; Executive Vice President, Business Development & Special Projects; the Chief Financial Officer; Executive Vice President and Chief Operating Officer	The Corporation's Adjusted Net Income	100%	Threshold set lower than previous year's Adjusted Net Income
Managing Director UK Region	The UK Region RONA; The UK Region Operating Income; and The Corporations' Adjusted Net Income	37.5% 37.5% 25%	Thresholds set higher than previous year's RONA and Operating Income

Thresholds for incentive compensation based on financial measures are determined using the Corporation's budget and set at levels which are attainable and aligned with the Corporation's growth objectives.

For fiscal year ended March 31, 2018, the Corporation used adjusted net income, which excludes non-recurring items, net of taxes, to assess its financial performance. This financial measure is not prescribed by IFRS. However, the Corporation's management considers this metric to be useful information to assist in evaluating the Corporation's profitability, liquidity and ability to generate funds to finance its operations and capital investment needs.

The Human Resources Committee has concluded that it would be seriously prejudicial to the Corporation's interests to publicly disclose the level of performance that is associated with threshold, target and maximum achievement for each performance measure of the annual incentive compensation, namely: Net Income, RONA and Operating Income. The levels of these metrics could be used by competitors to infer conclusions about confidential strategic priorities of the Corporation. In addition, the disclosure of these metrics may generate confusion with the financial guidance provided to shareholders in the Corporation's annual and quarterly earnings releases. The targets are intended to be challenging – neither impossible nor easy to achieve.

The Corporation's achievement of financial objectives and performance as a whole and per region and product line for the fiscal year ended March 31, 2018 ranged from 0% to 193%, and from 100% to 116% for the Named Executives.

Finally, the executive officers and key employees' bonus will be calculated based on the individual performance; from 80% for "below expectations" to 120% for "outstanding contribution". The Human Resources and Committee may, from time to time, exercise its discretion to allow that the annual incentive compensation otherwise payable in accordance with the Corporation's policies be adjusted to better reflect the overall performance of the Corporation and exceptional market conditions. The Human Resources Committee also reserves the right to recommend to the Board to waive minimum requirements for the annual incentive compensation when exceptional strategic achievements that could increase the long-term value of the Corporation are realized during the year.

Based on its review, the Human Resources Committee approved the following individual payout factor for each of the following Named Executives in connection with payment of the short-term incentive to each of them:

Named Executives	Individual Payout Factor
Gilles Labbé	98%
Stéphane Arsenault	111%
Réal Bélanger	121%
Martin Brassard	107%
Gaétan Roy	126%

Accordingly, based on the Human Resources Committee's assessment of the fiscal 2018 corporate objectives and on the individual performance for the fiscal year ended March 31, 2018, the following Annual Incentive Compensation will be paid in fiscal year 2019 to each Named Executive:

Named Executives	Annual Incentive Compensation	% of Salary
Gilles Labbé	\$460,000	102%
Stéphane Arsenault	\$165,000	70%
Réal Bélanger	\$240,000	76%
Martin Brassard	\$260,000	79%

Named Executives	Annual Incentive Compensation	% of Salary
Gaétan Roy	\$102,132	46%

Long-term Incentive Compensation

Stock Option Plan

The establishment of a balance between short and long-term compensation is essential for the Corporation's performance. For this reason, the Corporation has adopted a Stock Option Plan in 1986 (the "**Stock Option Plan**") allowing the grant of options to officers and certain key employees of the Corporation and its business units. Reference is made to the description of such plan under the heading "Security-Based Compensation Arrangements" hereafter.

At the Meeting, shareholders will be asked to approve amendments to the Stock Option Plan. The proposed amendments are described under the heading "Adoption of the Stock Option Plan Resolution" hereafter.

In general, the Board determines the number of options granted annually based on a percentage of the target bonus of the Named Executives, established according to the level of responsibility and authority of such Named Executives. The total amount of options issued over the past years is looked at but does not have a material impact on the number of options to be granted to the employee. The options are granted at market value at time of grant and may be exercised for a period of up to seven years. These options are performance based and vest, not only over time but also when a targeted accretion of the Corporation's share on the TSX is met. More specifically, options granted vest upon each anniversary at a rate set forth in the stock option agreement provided that the average closing price of the Common Shares on the TSX, for 30 consecutive trading days, exceeds or equals the conditional share price set forth in the agreement at the time of the grant of the options. Rights are given to exercise the vested options within a 90 day period following termination of employment (or such other extended period as may be determined at the discretion of the Board), and 180 day period following death or retirement.

As at March 31, 2018, 1,105,295 options were outstanding.

Employee Stock Purchase Plan

On September 2, 2004, the Board of the Corporation has also approved an employee stock purchase plan to incent key employees to hold, on a permanent basis, Common Shares of the Corporation. Reference is made to the description of such plan under the heading "Security-Based Compensation Arrangements" hereafter.

Performance Share Unit Plan

The Performance Share Unit Plan (the "**PSU Plan**") for management and key employees of the Corporation and its subsidiaries was adopted by the Board on August 6, 2014 and is intended to enhance the Corporation's ability to attract and retain qualified management and key employees, to promote a proprietary interest in the Corporation and to focus management and key employees on operating and financial performance, corporate strategies and total long-term shareholders' return.

The PSU Plan is administered by the Human Resources Committee. The PSU Plan enables the participants to receive upon fulfillment of certain performance vesting conditions, a cash amount equal to the market price of a common share on the determination date for each vested PSU (the "**PSU Payment**"). The number of PSUs to be granted is determined on the basis of the VWAP of the common shares of the Corporation traded on the TSX, for the five trading days preceding the date of the award of the PSUs.

The PSU Payments are made on the earlier of i) the expiry date of the PSUs (provided that such PSU Payments cannot be made later than December 31st of the third calendar year following the calendar year in which the PSUs were awarded) or ii) the termination of employment, provided that the termination is for disability, death or retirement. In such cases of termination, the PSUs become vested on a pro rata basis as of the date of termination. In all other cases of termination, the PSUs are terminated without further payment.

As at March 31, 2018, 187,948 PSUs were outstanding.

Benefits and Perquisites

The Corporation's executive officers benefit program includes life, medical, dental and disability insurance. Perquisites may consist of car allowance and reimbursement for club memberships, medical and financial services. Such benefits

and perquisites are designed to be competitive with the Comparator Group and other comparable Canadian enterprises.

The compensation policy seeks to primary reward the superior performance through both individual and corporate results and the increased shareholder value. In reviewing executive officers' compensation, the Human Resources Committee will take into consideration numerous factors that are not easily measurable but which consider the individual performance, experience, integrity and peer appreciation.

The following graph compares the total cumulative shareholder return for \$100 invested in the Corporation's Common Shares on March 31, 2013 with the cumulative total return of the Toronto Stock Exchange's S&P/TSX Composite Index for the five most recently completed fiscal years up to March 31, 2018.

Performance Graph

	March 31, 2013	March 31, 2014	March 31, 2015	March 31, 2016	March 31, 2017	March 31, 2018
Hérroux-Devtek	\$100.00	\$142.11	\$124.22	\$170.06	\$144.35	\$186.21
S&P/TSX	\$100.00	\$112.43	\$116.88	\$105.84	\$121.94	\$120.53

The trend shown by the above graph is a positive total cumulative return for a shareholder over the past five years. During the same five year period, total compensation received by the Named Executives is generally in line with the trend.

In fiscal 2018, the CEO's pay trend was compared with the trend in total shareholders' return over the latest five years. The difference in the trend rates, weighted to reflect recent history as suggested by proxy advisory firms was positive in favor of the Corporation's total shareholders' return and did not raise any concern.

Complimentary tests with respect to both the percentile ranks of the CEO's pay and the total shareholders' return over three years and the CEO's pay as a multiple of the estimated median CEO pay of the Comparator Group, indicated no material pay and performance disconnect. Based on such results, there appeared to be no material disconnect between the CEO's total compensation and the total shareholders' return.

EXECUTIVE COMPENSATION

The following table sets forth, to the extent required by applicable securities legislation, all annual and long-term compensation for services in all capacities to the Corporation for the three most recent completed fiscal years in respect of the Named Executives.

⁽¹⁾ Share-based Awards were made under the Purchase Plan (as defined hereinafter) and the PSU Plan. Value of Share-based Awards represents the Corporation's contribution under the Purchase Plan and the PSU grant date value. The PSU grant date value is equal to the number of PSUs granted multiplied by the VWAP during the five trading days preceding the grant date of the Common Shares (fiscal 2016: \$10.68; fiscal 2017: \$15.07; fiscal 2018: \$14.87). These amounts do not reflect the current value of the PSUs or the value, if any, that may be received when the PSUs are vested.

⁽²⁾ Value of options is theoretical-expected values calculated at the date of grant using the binomial lattice model assuming a 4.9 year expected life, expected volatility of 25% based on the Corporation's history, expected forfeiture, no expected dividend distribution and a compounded risk-free rate of 1.6%.

⁽³⁾ These amounts represent annual bonuses as more fully described under the heading "Compensation Discussion and Analysis- Annual Incentive Compensation" elsewhere in this Circular.

⁽⁴⁾ All other compensation includes other benefits such as car usage or allowance, tax equalization payments and others. It also includes contribution to a personal pension fund for Martin Brassard.

⁽¹⁾ Share-based Awards were made under the Purchase Plan (as defined hereinafter) and the PSU Plan.

⁽²⁾ The exercise price of options outstanding at the time of the Special Distribution was adjusted downward by \$4.63. The adjustment is equal to the difference between: i) the 5-day VWAP of the Common Shares immediately prior to such Common Shares trading on an "ex-distribution" basis (as such term is defined in the policies of the TSX); and ii) the 5-day VWAP of the Common Shares immediately after the Common Shares have commenced trading on an "ex-distribution" basis.

⁽³⁾ This amount is calculated based on the difference between the closing share price at the end of the fiscal year 2018 and the option exercise price. On March 29, 2018, being the last business day of the fiscal year 2018, the closing price of the Corporation's Common Shares on the TSX was \$14.99 (HRX-T).

⁽⁴⁾ This amount when calculated to establish the value of the Common Shares under the Purchase Plan is calculated based on the closing share price at the end of the fiscal year 2018. On March 29, 2018, being the last business day of the fiscal year 2018, the closing price of the Corporation's Common Shares on the TSX was \$14.99 (HRX-T). The value of share unit for the PSU plan is calculated using the VWAP for the five trading days ending on March 29, 2018, being the last trading day in the fiscal year 2018 (\$14.55). PSUs were valued based on the Corporation's expected results as compared to the PSU's performance conditions.

Security-Based Compensation Arrangements

Options granted or securities issued by the Corporation pursuant to the Corporation's security-based compensation arrangements are governed by one of the following plans: the Stock Purchase and Ownership Incentive Plan (the “**Purchase Plan**”) and the Stock Option Plan.

The Purchase Plan

On September 2, 2004, the Board approved the Purchase Plan to induce key employees to hold, on a permanent basis, Common Shares of the Corporation. The Purchase Plan was amended in 2006 and 2011.

The Stock Option Plan

Under the Stock Option Plan, as amended, the Board may designate officers and key employees of the Corporation or its subsidiaries as eligible employees under the Stock Option Plan, and may grant to such eligible employees options to purchase Common Shares of the Corporation. The purpose of the Stock Option Plan is to provide an additional incentive for the Corporation's officers and key employees to promote the interests of the Corporation to the best of their ability.

At the Meeting, shareholders will be asked to approve the amended and restated stock option Plan (the “Amended and Restated Stock Option Plan”). The proposed amendments are also described under the heading “Adoption of the Stock Option Plan Resolution” hereafter.

Who is eligible to participate?

The Purchase Plan

Eligibility for the Purchase Plan extends to all management employees designated by the Corporation or by the Human Resources Committee, who have no less than 6 months of continuous service, except when that condition is otherwise waived by the Human Resources Committee. The Board or the Human Resources Committee may from time to time designate any other employee of the Corporation or one of its subsidiaries as eligible for the Purchase Plan.

The Stock Option Plan

Pursuant to the Stock Option Plan, options may be granted in favor of officers (other than outside directors) and key employees of the Corporation and of its subsidiaries.

What is the term and vesting schedule of options or of the securities issuable under the security-based compensation arrangements?

The Purchase Plan

Membership in the Purchase Plan is optional and is valid for one Purchase Plan year at a time, namely for the period beginning January 1 and ending December 31 of each calendar year. An eligible management employee shall become a participating employee only if he joins the Purchase Plan by completing the enrolment form and if he subscribes with respect to said Purchase Plan year, for a number of shares whose aggregate subscription price shall equal between 2% and 10% of the employee's annual salary as at the date of his enrolment, without exceeding 10% of said annual salary. Every July 1, in each three calendar years following calendar year in which occurred the subscription or related attribution of Common Shares, one third of the Common Shares so subscribed or attributed will vest to the participant.

The Stock Option Plan

The options are awarded by means of a stock option agreement entered into in this regard with each beneficiary. Options generally may be exercised after the first anniversary of the date of grant until the seventh anniversary of the date of grant, subject to a vesting schedule upon each anniversary at a rate set forth in the agreement, provided that the average closing price of the Common Shares on the TSX, for 30 consecutive trading days, exceeds or equals the conditional share price set forth in the agreement, as determined by the Board on the recommendation of the Human Resources Committee at the time of the grant of the options.

If an offer to purchase all of the outstanding Common Shares is made, all options that are not vested shall, from the date of the offer, be fully vested notwithstanding any provision to the contrary in any stock option agreement, provided, however, the conditional share price has been met at the time the offer is made.

Provided the amendments are approved by the shareholders at the Meeting, under the Amended and Restated Stock Option Plan, the requirement that options are only exercisable provided that the average closing price of the Common Shares, for 30 consecutive trading days, exceeds or equals the conditional share price will be removed and the relevant committee or the Board will have full discretion in the application of vesting conditions to options.

How many securities are authorized to be issued under the security-based compensation arrangements and what percentage of the Corporation's shares outstanding do they represent?

The Purchase Plan

The maximum number of Common Shares made available for the Purchase Plan shall not exceed 340,000 (representing approximately 0.9% of the issued and outstanding Common Shares as at June 1, 2018).

The Stock Option Plan

The total number of Common Shares currently issuable under the Stock Option Plan shall not exceed in the aggregate 2,808,257 Common Shares, as of August 4, 2011, (representing approximately 7.7% of the Common Shares outstanding as at June 1, 2018) and the total number of shares in respect of which options may be granted to any one person under the Stock Option Plan may not exceed five percent (5%) of the total number of Common Shares outstanding at each option award date.

At the Meeting, shareholders will be asked to approve the Stock Option Plan Resolution allowing the replenishment of the number of Common Shares reserved for issuance under the Stock Option Plan by a number equal to the Common Shares that have been issued following the exercise of options under the Stock Option Plan so that, as of August 10, 2018, the total number of Common Shares reserved for issuance be fixed at 2,808,257. See hereinafter the heading "Adoption of the Stock Option Plan Resolution".

The following table shows, as of March 31, 2018, aggregated information for the Corporation's Purchase Plan and Stock Option Plan which are the only compensation plans under which equity securities of the Corporation are authorized for issuance from treasury.

The burn rate is calculated by dividing the number of awards granted under the Purchase Plan during the relevant fiscal year by the weighted average number of securities outstanding for the applicable fiscal year.

What is the maximum percentage of securities available under the security-based compensation arrangements to Corporation's insiders?

In order for the Stock Option Plan together with the Purchase Plan to comply with stock exchange rules, both plans provide that:

- (a) the number of shares issuable to insiders, from time to time, under all security based compensation arrangements may not exceed 10% of the total number of issued and outstanding Common Shares; and
- (b) the number of shares issued to insiders under all security based compensation arrangements during any one-year period may not exceed 10% of the total number of issued and outstanding Common Shares.

What is the maximum number of securities any one person is entitled to receive under the security-based compensation arrangements and what percentage of the Corporation's outstanding capital does this represent?

The Purchase Plan

An eligible management employee shall become a participating employee only if he subscribes with respect to said Purchase Plan year, for a number of shares whose aggregate subscription price shall equal between 2% and 10% of the employee's annual salary as at the date of his enrolment, without exceeding 10% of said annual salary.

The maximum number of shares issuable to a single person under the Purchase Plan and any other stock option plan of the Corporation shall not represent more than 5% of the outstanding common shares in any one-year period.

The Stock Option Plan

- (a) the number of Common Shares issued to one Insider pursuant to the Stock Option Plan, within a one-year period, shall not exceed 5% of the total number of Common Shares outstanding at each date of such issue of Common Shares;
- (b) the aggregate number of Common Shares issued or which could be issued under the Stock Option Plan to any one beneficiary shall not exceed 20% of the aggregate number of Common Shares issuable under the Stock Option Plan, as amended from time to time;
- (c) annually, the number of Common Shares that may be issued pursuant to options granted to the CEO of the Corporation shall not exceed one third of the Common Shares that may be issued pursuant to all the options granted during the year under the Stock Option Plan; and
- (d) the options granted to insiders pursuant to the Stock Option Plan shall not be repriced at a reduced exercise price.

Should the shareholders approve the Amended and Restated Stock Option Plan at the Meeting, the restrictions contained in paragraphs (c) and (d) above will be removed.

How is the exercise price determined under the security-based compensation arrangements?

The Purchase Plan

The subscription price of the issued Common Shares represents 90 % of the weighted average closing price of the Corporation's Common Share on the TSX over the five trading days preceding the Common Share subscription. Also,

the Corporation matches 50% of the employee's contribution by attributing to the employee, on a monthly basis, additional Common Shares acquired on the TSX at market price. However, the Corporation's matching attribution cannot exceed 4% of the employee's annual base salary. Common Shares attributed to the employee, as well as the subscribed Common Shares, will be earned and released over a three-year period beginning on July 1 of each year following the year in which the employee contributed to the Purchase Plan.

The Stock Option Plan

The exercise price per share of an option will not be less than the average closing price of a regular board lot of Common Shares of the Corporation traded on the TSX for the five trading days preceding the granting of the option.

Under what circumstances is an individual no longer entitled to participate?

The Purchase Plan

When a participating employee voluntarily terminates his employment with the Corporation or when his employment is terminated due to his dismissal (with or without cause), the said participating employee thereby loses his right to all the shares attributed not yet vested. Moreover, all the Common Shares subscribed by the participating employee, regardless of whether or not they are unrestricted at the date of termination of his employment, shall become unrestricted automatically. The participating employee may then ask the trustee to provide him with a certificate issued for all the Common Shares subscribed plus all the Common Shares attributed that are vested in the participating employee; he may also ask the trustee to sell all or part of the aforesaid Common Shares at the market price. In all cases, all Common Shares attributed that are not yet vested shall be sold by the trustee on the market with payment of the proceeds of disposition to the Corporation.

In the event that a participating employee retires (*de facto*, but after age 55), dies or becomes totally and permanently disabled (qualifying for the Corporation's long-term disability plan), he or his beneficiary, as the case may be, may ask the trustee to provide him with a certificate issued for all the Common Shares subscribed, regardless of whether or not they are unrestricted, plus all the Common Shares attributed to him, regardless of whether or not they previously became vested. In the event of a change of control of the Corporation, as such expression is defined in the Purchase Plan, the participating employees shall have the same rights.

The Stock Option Plan

In the event that a beneficiary's employment with the Corporation or any subsidiary is terminated for any reason other than death or retirement (a "termination of employment"), any or all of the vested options held by such beneficiary which have not been previously exercised may be exercised, at any time during a maximum period of 90 days following the date of termination of employment, or such other extended period as may be determined at the discretion of the Board, other than a voluntary termination of employment (but in no event after the expiry date), provided, however, that, notwithstanding any other term or condition of the Stock Option Plan, in the event the employment of a beneficiary is terminated for cause, the vested options held by such beneficiary which have not been previously exercised will only be exercisable on the next business day following the date of personal delivery of a written notice to the beneficiary confirming (i) such termination for cause and (ii) the requirement to exercise such vested options.

In the event of the death of a beneficiary, his vested options may be exercised by the beneficiary's legal personal representative(s) at any time after the date of the beneficiary's death up to and including (but not after) a date which is 180 days following the date of the beneficiary's death (but in no event after the expiry date), as to any or all of such beneficiary's vested options which had not previously been exercised.

Upon the retirement of a beneficiary, any or all of the vested options held by such beneficiary which have not been previously exercised may be exercised at any time during a maximum period of 180 days following the date of his retirement (but in no event after the expiry date).

At the Meeting, shareholders will be asked to approve the Amended and Restated Stock Option Plan allowing the relevant committee or the Board at its sole discretion to extend the exercise period (up to the original expiry date) in any event of a termination (except a termination for cause: in which case options will immediately terminate), in the event of the death of a beneficiary and in the event of disability or retirement of a beneficiary.

Can options or rights held pursuant to the security-based compensation arrangements be assigned or transferred?

All benefits, rights and options accruing to any participant in accordance with the terms and conditions of the Purchase Plan and of the Stock Option Plan shall not be transferable unless under the laws of descent and distribution or pursuant to a will.

How are the security-based compensation arrangements amended? Is shareholder approval required?

The Purchase Plan

The Board has full and complete responsibility for the Purchase Plan, which includes, without restriction, the power to adopt, amend, suspend or terminate the Purchase Plan, as it deems necessary or desirable, provided that such acts do not retroactively affect the rights of the participating employees under the Purchase Plan and that the approval of the regulators and the self-regulatory organizations, if necessary, is obtained. The Purchase Plan does not require that an amendment thereto be approved by the shareholders of the Corporation. However, notwithstanding the foregoing, the TSX may require security holder approval for some types of amendments that are considered as fundamental changes to the Purchase Plan.

The Stock Option Plan

The Board may, without the approval of the shareholders of the Corporation but subject to receipt of requisite approval from the TSX, in its sole discretion make the following amendments to the Stock Option Plan:

- (a) a change to the vesting provisions of an option or of the Stock Option Plan;
- (b) an addition to, deletion from or alteration of the Stock Option Plan or an option that is necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange;
- (c) an amendment to correct or rectify any ambiguity, defective provision, error or omission in the Stock Option Plan or an option; and
- (d) any other amendment that does not require shareholder approval under the Stock Option Plan.

The approval of the Board and the requisite approval from the TSX and the shareholders shall be required for any of the following amendments to be made to the Stock Option Plan:

- (a) any increase in the number of Common Shares reserved for issuance under the Stock Option Plan, including a change from a fixed number of Common Shares to a fixed maximum percentage;
- (b) any reduction in the purchase price or cancellation and reissue of options or any extension of the expiry of an option;
- (c) any change to the eligible participants which would have the potential of broadening or increasing insider participation;
- (d) the addition of any form of financial assistance; and
- (e) the addition of a deferred or restricted share unit or other provision which results in a beneficiary being issued Common Shares while no cash consideration is received by the Corporation.

Should the Amended and Restated Stock Option Plan be approved by the shareholders at the Meeting, the amendment provision will be amended such that

- (a) the Board may, without the approval of the shareholders but subject to receipt of requisite approval from the TSX, in its sole discretion make the following amendments:
 - (i) any change to the vesting provisions of an option or of the Amended and Restated Stock Option Plan;
 - (ii) any change to the termination provision of an option or the Amended and Restated Stock Option Plan which does not entail an extension beyond the expiry date;

- (iii) any addition to, deletion from or amendment of the Amended and Restated Stock Option Plan or of an option that is necessary to comply with applicable law or the requirements of any regulatory authority or stock exchange;
 - (iv) any amendment to correct or rectify any ambiguity, defective provision, error or omission in the Amended and Restated Stock Option Plan or an option; and
 - (v) any other amendment that does not require shareholder approval under the Amended and Restated Stock Option Plan;
- (b) the Board and the requisite approval from the TSX and the shareholders shall be required for any of the following amendments to be made:
- (i) any increase in the number of Common Shares reserved for issuance under the Amended and Restated Stock Option Plan, including a change from a fixed number of Common Shares to a fixed maximum percentage;
 - (ii) any reduction in the subscription price of an option (for this purpose, a cancellation and reissue of options to the same beneficiary with a lower subscription price is considered an amendment to reduce the subscription price of an option);
 - (iii) any extension of the term of any option benefiting an insider;
 - (iv) any change to the eligible beneficiaries which would have the potential of broadening or increasing insider participation;
 - (v) the addition of any form of financial assistance;
 - (vi) any amendment to a financial assistance provision which is more favourable to beneficiaries; and
 - (vii) any amendment to the amendment section of the Amended and Restated Stock Option Plan.

Were any amendments made to the security-based compensation arrangements in the last fiscal year?

No modifications were made to the Purchase Plan and Stock Option Plan during fiscal year ended March 31, 2018.

The Board resolved to allow the replenishment of the number of Common Shares reserved for issuance under this plan, on May 23, 2018, and further resolved to amend the terms of the Stock Option Plan. See hereinafter the heading "Adoption of the Stock Option Plan Resolution"

Does the Corporation provide any financial assistance to participants to purchase shares under the security-based compensation arrangements?

Except for the Corporation's matching attribution explained above, no financial assistance is provided by the Corporation to the participating employee for the subscription or purchase of Common Shares under the Purchase Plan.

There is no provision allowing financial assistance under the Stock Option Plan.

Are there any adjustment provisions under the security-based compensation arrangements?

The Purchase Plan

In the event of a change of control of the Corporation, as such expression is defined in the Purchase Plan, the participating employee may ask the trustee to provide him with a certificate issued for all the Common Shares subscribed, regardless of whether or not they are unrestricted, plus all the Common Shares attributed to him, regardless of whether or not they previously became vested.

The Stock Option Plan

In the event that the Corporation proposes to amalgamate, merge or consolidate with any other corporation (other than a wholly-owned subsidiary), or in the event of a change of control, as such term is defined in the Stock Option Plan, the Corporation shall, upon notice thereof to each beneficiary holding options under the Stock Option Plan, permit the

exercise of all such options, within the 6-month period following the date of such notice, for all options (whether or not such options had previously vested), provided however, the conditional share price has been met at the time of the change of control and, upon the expiration of such 6-month period, all rights of the beneficiaries to such options or to exercise same (to the extent not theretofore exercised) shall *ipso facto* terminate and cease to have further force or effect whatsoever.

The Amended and Restated Stock Option Plan proposed for shareholder approval contains a new definition of "change of control" providing the flexibility to the Board, in the event of a change of control, to make such provision for the protection of the rights of the beneficiaries as the Board, at its sole discretion, considers appropriate in the circumstances, including, without limitation, accelerating the vesting conditions for the options and/or the expiry date.

Are there any blackout period provisions under the security-based compensation arrangements?

Under the Stock Option Plan, in the event that the term of an option expires during such period of time during which insiders are prohibited from trading in shares as provided by the Corporation's insider trading policy, as it may be implemented and amended from time to time (the "**Blackout Period**") or within 10 business days thereafter, the option shall expire on the date that is 10 business days following the Blackout Period. Although the Blackout Period would only cover insiders of the Corporation, the extension would apply to all participants who have options which expire during the Blackout Period.

PENSION PLANS

Defined Benefit Pension Plans

The pension payable to eligible executive officers is based on the years of credited service and a percentage of the average of the best three consecutive basic earnings (Average Earnings) at the date of retirement; for Réal Bélanger, this percentage is equal to 2.965% for his credited service up to age 60, subject to a maximum of 60% of his Average Earnings, and 2% thereafter, while the percentage for Gilles Labbé is 2% for all his credited service and his pension is not limited. The pension is payable at normal retirement date (first of the month coincident with or immediately following the executive's 65th birthday) or as early as the first of the month following age 55. Upon early retirement, the pension is reduced by ¼ % for each month by which the early retirement date precedes the earliest of the following dates: executive's 60th birthday, executive's age plus continuous service equals 80, executive's continuous service equals 30 years.

The pension is payable from two sources: a registered Individual Pension Plan (IPP) and an unregistered Executive Retirement Plan (ERP). The IPP pays the pension up to the Income Tax limits and the excess is paid from the ERP. The IPP pension is funded through Corporation's and employee's contributions while the ERP pension is funded through Corporation's contributions to the Retirement Compensation Arrangements (RCA).

In the event of a change in control of the Corporation, the ERP benefits shall be fully funded upon the closing of such change of control and no reduction would be applied on the pension upon early retirement.

The following table shows the retirement benefits for each eligible Named Executives under the defined benefit pension plans:

Name	Number of years of Credited Service ⁽¹⁾	Annual Benefits Payable (\$) ⁽²⁾		Accrued Obligation at start of year (\$) ⁽³⁾	Compensatory Change (\$) ⁽⁴⁾	Non-Compensatory Change (\$) ⁽⁵⁾	Accrued Obligation at year end (\$) ⁽⁶⁾

Defined Contribution Pension Plan

Under the defined contribution pension plan offered to executive officers working in Canada, the Corporation contributes an amount equal to the executive officers' contributions (5% of basic earnings), subject to the Income Tax limits, to a savings account opened on their behalf. The executive officers' accounts accumulate with interest according to their investment instructions. At retirement, the executive officers receive their account balance.

The following table shows the accumulated values for each eligible Named Executive under the defined contribution pension plans:

- (1) The Corporation also contributes to a personal pension fund held by Martin Brassard, the value of which is disclosed in the Summary Compensation Table under the heading "Executive Compensation" of this Circular.

TRANSACTION WITH INTERESTED PARTIES

The Corporation is not aware that any of its directors, officers, nominees for election as directors, other insiders of the Corporation or any persons associated with or otherwise related to any of the foregoing has had an interest in any material transaction carried out since the beginning of the Corporation's most recently completed financial year or in any proposed transaction which has materially affected or is likely to materially affect the Corporation or any of its subsidiaries.

In addition to the above liability insurance coverage, an Excess Side A Directors and Officers' liability insurance policy was contracted with a coverage limit of \$5,000,000 per claim and in the aggregate and policy year. The premium paid by the Corporation amounted to \$11,750.

APPOINTMENT AND REMUNERATION OF AUDITORS

At the Meeting, the shareholders will be called upon to appoint auditors to hold office until the next annual meeting of shareholders and to authorize the directors to establish the remuneration of the auditors appointed.

ADOPTION OF THE STOCK OPTION PLAN RESOLUTION

The Stock Option Plan currently reserves for issuance a total of 2,808,257 Common Shares, representing 7.7% of the issued and outstanding Common Shares as of June 1, 2018. There are, as of June 1, 2018, 1,287,495 options outstanding and 208,186 Common Shares remaining available for future grants under the Stock Option Plan. At the Meeting, the shareholders will be called upon to approve the replenishment of the number of Common Shares reserved for issuance under the Stock Option Plan by a number equal to the Common Shares that have been issued following the exercise of options under the Stock Option Plan and the following amendments to the Stock Option Plan:

- removal of the requirement that options are only exercisable provided that the average closing price of the Common Shares, for 30 consecutive trading days, exceeds or equals the conditional share price and to provide that the vesting conditions would be established at the discretion of the relevant committee or the Board;
- removal of the two following restrictions : (i) annually, the number of Common Shares that may be issued pursuant to options granted to the CEO of the Corporation shall not exceed one third of the Common Shares that may be issued pursuant to all the options granted during the year under the Stock Option Plan; and (ii) the options granted to insiders pursuant to the Stock Option Plan shall not be repriced at a reduced exercise price.
- granting of greater flexibility in the cases of termination allowing the relevant committee or the Board at its sole discretion to extend the exercise period (up to the original expiry date) in any event of a termination (except a termination for cause: in which case options are immediately terminated), in the event of the death of a beneficiary and in the event of disability or retirement of a beneficiary;

- addition of a new “change of control” definition and to provide the flexibility to the Board, in the event of a change of control, to make such provision for the protection of the rights of the beneficiaries as the Board at its sole discretion considers appropriate in the circumstances, including, without limitation, accelerating the vesting conditions for the options and/or the expiry date);and
- modification of the amendment provisions of the Stock Option Plan to :
 - o add or modify the following situations which would require the approval of the shareholders (i) any reduction in the subscription price of an option (for this purpose, a cancellation and reissue of options to the same beneficiary with a lower subscription price is considered an amendment to reduce the subscription price of an option), (ii) any extension of the term of any option benefiting an insider, (iii) any amendment to a financial assistance provision which is more favourable to beneficiaries, and (iv) any amendment to the amendment section of the Stock Option Plan;
 - o add that any change to the termination provision of an option or the Stock Option Plan which does not entail an extension beyond the expiry date would not require the approval of the shareholders.
- other clerical and housekeeping amendments.

The text of the Amended and Restated Stock Option Plan is attached to the Circular as Schedule A.

Shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, the Stock Option Plan Resolution, in the form set forth below approving the modifications to the Stock Option Plan:

“Whereas, subject to shareholders and TSX approvals, the board of directors of the Corporation approved the Amended and Restated Stock Option Plan, in order to (i) allow the replenishment of the number of Common Shares reserved for issuance under the Stock Option Plan by a number equal to the Common Shares that have been issued following the exercise of options under the Stock Option Plan so that, as of August 10, 2018, the total number of Common Shares reserved for issuance under the Stock Option Plan be fixed at 2,808,257 Common Shares and (ii) to amend the Stock Option Plan as more fully set forth in the Amended and Restated Stock Option Plan attached as Schedule A to the management proxy circular of the Corporation dated June 20, 2018.

BE IT RESOLVED AS A RESOLUTION OF THE SHAREHOLDERS:

THAT the Common Shares that have been issued in the past following the exercise of options under the Stock Option Plan be replenished so that, as of August 10, 2018, the total number of Common Shares reserved for issuance be fixed at 2,808,257;

THAT the amendment provision contained in section 15 of the Amended and Restated Stock Option Plan be approved;

THAT the Amended and Restated Stock Option Plan as attached as Schedule A to the Circular be approved; and

THAT any director or officer of the Corporation be, and is hereby, authorized and directed, for and on behalf of the Corporation, to do all acts and things, as such director or officer may determine necessary or advisable to give effect to this resolution.”

The Board considers that the Amended and Restated Stock Option Plan is in the best interest of the Corporation and, consequently, recommends that the shareholders vote “FOR” the approval of the resolution relating to the Amended and Restated Stock Option Plan which, in order to be adopted, requires the affirmative vote of not less than a majority of the votes cast by the disinterested holders of Common Shares present in person, or represented by proxy, at the Meeting. Should the Stock Option Plan Resolution be adopted at the Meeting, the terms of the Amended and Restated Stock Option Plan shall govern all outstanding options.

Unless instructions are given to abstain from voting, the persons named in the enclosed form of proxy intend to vote FOR the approval of the Stock Option Plan Resolution.

RATIFICATION, CONFIRMATION AND APPROVAL OF THE ADVANCED NOTICE BY-LAW

On May 23, 2018, the Board adopted the Advance Notice By-Law, the full text of which is reproduced as Schedule B to this Circular. Among other things, this by-law sets a deadline by which shareholders must submit a notice of director nominations to the Corporation prior to any annual or special meeting of shareholders where directors are to be elected and furthermore sets forth the information that a shareholder must include in the notice for it to be valid. This by-law will allow the Corporation to receive adequate prior notice of director nominations, as well as sufficient information on the nominees. The Corporation will thus be able to evaluate the proposed nominees' qualifications and suitability as directors. It will also facilitate an orderly and efficient meeting process. At the Meeting, shareholders will be asked to review and, if deemed appropriate, to pass, with or without variation, the following resolution in order to ratify, confirm and approve the Advance Notice By-Law:

"BE IT RESOLVED, AS A RESOLUTION OF THE SHAREHOLDERS:

THAT the Advance Notice By-Law adopted by the board of directors of the Corporation, the full text of which is reproduced as Schedule B to the management proxy circular of the Corporation dated June 20, 2018, be ratified, confirmed and approved.

THAT any director or officer of the Corporation be and is hereby authorized and directed, for and on behalf of the Corporation, to do all acts and things, as such director or officer may determine necessary or advisable to give effect to this resolution."

The Board and management consider that the Advance Notice By-Law is in the best interest of the Corporation and, consequently, recommend that the shareholders vote "FOR" the approval of the resolution relating to this by-law which, in order to be adopted, requires the affirmative vote of not less than a simple majority of the votes cast, in person or by proxy, at the Meeting.

Unless instructions are given to abstain from voting, the persons named in the enclosed form of proxy intend to vote FOR the approval of the resolution relating to the Advance Notice By-Law.

Schedule A

Amended and Restated Stock Option Plan

1. Objective of the Plan

The stock option plan (the “**Plan**”) has been established by Héroux-Devtek Inc. (“**Héroux-Devtek**” or the “**Corporation**”) in order to allow Héroux-Devtek to offer to certain officers and key employees of Héroux-Devtek, which includes all its business units, or of its subsidiaries, the privilege of subscribing common Shares of the share capital of the Corporation (the “**Common Shares**”), according to the terms of the Plan and to provide an additional incentive for its officers and key employees to promote the interests of the Corporation and its subsidiaries to the best of their ability.

The Plan shall be administered by the Board of Directors of the Corporation (the “**Board**”) or a committee of the Board that has the power for such purpose, if any (the “**Committee**”). All decisions and interpretations of the Committee or the Board, as the case may be, concerning the Plan shall be final and binding on the Corporation and all Beneficiaries (as herein after defined).

2. Eligibility

Options may be awarded only to officers (other than outside directors) and key employees of Héroux-Devtek and of its subsidiaries (the “**Options**”).

The officers and key employees to whom an option is awarded may only avail themselves of the subscription privilege conferred by the Option if they are, at the time of subscription, officers or key employees of Héroux-Devtek or of any of its subsidiaries, the whole subject to the provisions of Sections 6, 7 and 8.

The Committee or the Board, as the case may be, shall determine from time to time and at its sole discretion, the officers and key employees of Héroux-Devtek or of its subsidiaries who shall be awarded Options under the Plan (the “**Beneficiaries**”).

3. Type and number of Offered Shares

As of August 10, 2018, subject to adjustment provided in Section 12, the total number of Common Shares which may be issued under the Plan shall not exceed 2,808,257 Common Shares. Furthermore, the total number of Common Shares in respect of which Options may be granted to a given Beneficiary shall not exceed five percent (5%) of the total number of Common Shares outstanding at each Option award date.

Also, the following additional restrictions apply to the Plan: (i) the number of Common Shares issuable to insiders, as such term is defined in securities legislation and to associates of insiders (the “**Insiders**”) under the Plan and all security based compensation arrangements of Héroux-Devtek, shall not exceed an aggregate of ten percent (10%) of the total number of Common Shares outstanding at each Option award date; (ii) the number of Common Shares issued to Insiders pursuant to the Plan and all security based compensation arrangements of Héroux-Devtek, within a one-year period, shall not exceed an aggregate of ten percent (10%) of the total number of Common Shares outstanding; (iii) the number of Common Shares issued to one Insider pursuant to the Plan, within a one-year period, shall not exceed five percent (5%) of the total number of Common Shares outstanding and (iv) the aggregate number of Common Shares issued or which could be issued under the Plan to anyone Beneficiary shall not exceed twenty percent (20%) of the aggregate number of Common Shares issuable under the Plan, as amended from time to time.

4. Subscription Price

The price per share at which the Common Shares may be subscribed for and purchased by the Beneficiaries shall not be lower than the average closing price, on the Toronto Stock Exchange, of a regular board lot of Common Shares traded on the Toronto Stock Exchange for the five trading days preceding the granting of the Options (the “**Subscription Price**”).

5. Conditions of Options

5.1 Stock Option Agreement. The options contemplated by the plan shall be granted by means of a stock option agreement entered into in this regard with each beneficiary.

5.2 Granting of Options. The committee or the board, as the case may be, shall, by resolution, (i) designate the beneficiaries receiving options under the plan, (ii) fix the number of options granted to such beneficiaries and

the date or dates on which such options shall be granted, (iii) determine the subscription price and (iv) determine the relevant vesting provisions, if any, in accordance with the terms and conditions of the plan.

- 5.3 Option Term. The committee or the board, as the case may be, shall determine at the time of granting an option, the term during which the option is exercisable, such term not to exceed seven (7) years from the date the option is granted (the "**Expiry Date**").
- 5.4 Black-Out Period. If the term of an option expires within or immediately after a period during which a beneficiary who is also an insider is prohibited from exercising options (for the purposes of this definition, the "**Black Out Period**"), the term of the options shall then be extended (i) for ten (10) business days (as defined hereinafter) after the end of the Black Out period if the term ends during the Black Out period or (ii) for a number of business days equal to ten (10) business days less the number of business days elapsed between the end of the Black Out period and the end of the term, if the term ends no later than ten (10) business days after the end of the Black Out period, as applicable (for the purposes of this definition, the "**conditional term**"). All plan beneficiaries may benefit from a conditional term, which cannot be modified at the discretion of either the committee or the board. For the purpose hereof, "business day" means any day from Monday to Friday, excluding statutory holidays in the province of Québec.
- 5.5 Method of Exercise and Payment. A beneficiary who wishes to exercise his options shall, within the stipulated time period, cause the secretary of Héroux-Devtek to receive at the head office of the corporation a written notice signed by the beneficiary indicating the number of common shares for which he wishes to subscribe, up to the number for which he may subscribe; this notice shall constitute exercise of the option that may be exercised within the stipulated time period in question, and shall constitute a subscription. The notice shall be accompanied by a cheque payable to the order of Héroux-Devtek, in the amount required to pay in full the subscription price of the common shares subscribed for.

In the event of expiry, cancellation or any other termination of Options, the underlying Common Shares shall become available again.

6. Termination of a Beneficiary's Employment exercise price

In the event that a beneficiary's employment with Héroux-Devtek or any subsidiary is terminated for any reason other than death, disability or retirement, any or all of the vested options held by such beneficiary which have not been previously exercised may be exercised, at any time during a maximum period of 60 days following the date of termination of employment, or such other extended period as may be determined at the discretion of the committee or the board, as the case may be, (but in no event after the expiry date), provided, however, that, notwithstanding any other term or condition of the plan, in the event the employment of a beneficiary is terminated for cause, all the options held by such beneficiary which have not been previously exercised will immediately terminate.

7. Death of a Beneficiary

In the event of the death of a Beneficiary, any or all of the vested Options held by such Beneficiary which have not been previously exercised may be exercised by the Beneficiary's legal personal representative(s) at any time after the date of the Beneficiary's death up to and including (but not after) a date which is 180 days following the date of the Beneficiary's death or such other extended period as may be determined at the discretion of the Committee or the Board, as the case may be (but in no event after the Expiry Date).

8. Disability or Retirement of a Beneficiary

Upon the disability or retirement of a Beneficiary, any or all of the vested Options held by such Beneficiary which have not been previously exercised may be exercised at any time during a maximum period of 180 days following the date of his disability or his retirement or such other extended period as may be determined at the discretion of the Committee or the Board, as the case may be (but in no event after the Expiry Date).

9. Advancement of the date for the exercise of an Option

The Committee or the Board, as the case may be, may also, by resolution, in the event the employment of a Beneficiary is terminated without a valid cause, advance the date on which any Option may be exercised in the manner to be set forth in such resolution, provided that the Committee or the Board, as the case may be, shall not, in the event of any such advancement, be under any obligation to advance the date on which any Option may be exercised by any other Beneficiary.

10. Non-assignment of Options

Subject to the provisions of Section 7, Options awarded under the Plan may not be transferred or assigned to anyone whomsoever and may not pass to the heirs, successors or assigns of a Beneficiary.

11. Change of Control

11.1 For the purpose of this section 11, "change of control" shall mean:

- (a) the sale by the Corporation of all or substantially all of its assets;
- (b) the direct or indirect acquisition of Common Shares or other voting securities of the Corporation by a person, company, or other entity resulting in the holding by such a person, company, or other entity, directly or indirectly, of 50% or more of all voting rights in one of the classes of issued voting securities of the Corporation;
- (c) the direct or indirect acquisition of securities of the Corporation to which is attached the right to elect a majority of the directors of the Corporation, except the acquisition of securities by the Corporation itself through one of its subsidiaries or by means of an employee benefits plan of the Corporation;
- (d) an arrangement, amalgamation, merger, consolidation, arrangement or similar transaction, except a transaction with a wholly-owned Subsidiary, which results in any person or group of persons acting jointly or in concert for such transaction becomes the owner, directly or indirectly of more than 50% of the Common Shares or other voting securities of the Corporation;
- (e) the adoption by the Board of a resolution to wind up, dissolve or liquidate the Corporation; and
- (f) the adoption by the Board, at its sole discretion, of a resolution to determine that a transaction is deemed to be a "Change of Control" for the purpose of this Plan.

11.2 Notwithstanding anything contained to the contrary in the plan, in the event of a change of control, the board may make such provision for the protection of the rights of the beneficiaries as the board at its sole discretion considers appropriate in the circumstances, including, without limitation, accelerating the vesting conditions for the options and/or the expiry date.

12. Adjustment of Beneficiaries' Rights

Subject to any regulatory approval or notification required by applicable law or stock exchange rules, upon the happening of any of the following events, a beneficiary's rights with respect to options granted under the plan shall be adjusted as hereinafter provided.

- 12.1 Subdivision, Redivision or Change Into a Greater Number. in the event of any subdivision, redivision or change of the common shares into a greater number of shares at any time, or in the case of the issue of common shares of Héroux-Devtek to the holders of its outstanding common shares by way of a share dividend or share dividends, the number of common shares deliverable by Héroux-Devtek upon the exercise of an option shall be increased proportionately, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivision, redivision or change.
- 12.2 Consolidation or Change Into a Lesser Number. in the event of any consolidation or change of the common shares into a lesser number of shares at any time, the number of common shares deliverable by Héroux-Devtek upon the exercise of an option shall be decreased proportionately, and appropriate adjustments shall be made in the purchase price per share to reflect such consolidation or change.
- 12.3 Reclassification. in the event of any reclassification of the common shares, a beneficiary shall accept, at the time of the exercise of an option, in lieu of the number of common shares in respect of which the option is being exercised, the number of shares of Héroux-Devtek of the appropriate class or classes as the beneficiary would have been entitled as a result of such reclassification had the option been exercised before such reclassification.
- 12.4 Special Distribution. In the event of any special distribution to all holders of common shares (other than dividends or distributions in the ordinary course of business), the subscription price of an option may be adjusted, as the committee or the board, as the case may be, at its sole discretion may deem appropriate, in order to compensate the beneficiary for the loss of value.
- 12.5 Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of Héroux-Devtek, each option will terminate immediately prior to the consummation of such proposed action or at such other time and subject to such other conditions as shall be determined by the committee or the board, as may be the case.

- 12.6 No Adjustments. Except as expressly provided herein, no issuance by Héroux-Devtek of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares subject to options under the plan. no adjustments shall be made for dividends paid in the ordinary course of business.
- 12.7 No Fraction. No fractional shares shall be issued under the plan and the beneficiary shall receive from Héroux-Devtek cash in lieu of such fractional shares.

13. **Appropriate Adjustments**

Upon the happening of any of the foregoing events described in Subsections 0, 12.2 and 12.3 above, the class and aggregate number of shares set forth in Section 3 that are the subject of Options which previously have been or subsequently may be granted under the Plan shall also be appropriately adjusted to reflect the events described in such Subsections. The Committee or the Board, as the case may be, shall determine the specific adjustments to be made under this Section and its determination shall be conclusive.

14. **Termination of the Plan**

The Board may terminate the Plan at any time if it judges such termination to be in the best interests of the Corporation. In such an event only the Options already awarded shall remain in effect.

15. **Amendments of the Plan**

- 15.1 amendments with shareholder approval. shareholder approval will be required for the following amendments to the plan:

- (i) any increase in the number of Common Shares reserved for issuance under the Plan, including a change from a fixed number of Common Shares to a fixed maximum percentage;
- (ii) any reduction in the Subscription Price of an Option (for this purpose, a cancellation and reissue of Options to the same Beneficiary with a lower Subscription Price is considered an amendment to reduce the Subscription Price of an Option);
- (iii) any extension of the term of any Option benefiting an Insider;
- (iv) any change to the eligible Beneficiaries which would have the potential of broadening or increasing Insider participation;
- (v) the addition of any form of financial assistance;
- (vi) any amendment to a financial assistance provision which is more favourable to Beneficiaries;
- (vii) any amendment to this Section 15.

- (iv) any amendment to correct or rectify any ambiguity, defective provision, error or omission in the Plan or an option; and
- (v) any other amendment that does not require shareholder approval under Subsection 0 hereof.

- (i) Participation in the Plan is entirely voluntary and may not be considered a condition of employment or continued employment.
- (ii) Nothing in the Plan may be interpreted to affect in any manner the right of Héroux-Devtek to demote, transfer, suspend or dismiss a Beneficiary, and the Corporation reserves all its rights as if the Plan did not exist.
- (iii) The Plan offers no guarantee against any loss to a Beneficiary as a result of a decline in value of the Common Shares.

17. Applicable laws

The Plan shall be governed by and interpreted according to the laws of the Province of Québec and the laws of Canada applicable therein.

II. Objectives

The purpose of this Advance Notice By-Law (the “**By-Law**”) is to provide shareholders, directors and management of the Corporation with a clear framework for nominating directors of the Corporation. This By-Law fixes a deadline by which director nominations must be submitted by a shareholder to the Corporation prior to any annual or special meeting of shareholders, and sets forth the information that a shareholder must include in the notice to the Corporation for the notice to be in proper written form in order for any director nominee to be eligible for election at any annual or special meeting of shareholders.

It is the position of the Corporation that this By-Law is in the best interest of the Corporation, its shareholders and other stakeholders. This By-Law may be subject to annual review at the discretion of the board of directors of the Corporation (the “**Board**”), and will reflect changes as required by Applicable Securities Laws (as defined below) or stock exchanges policies, or so as to meet industry standards.

IV. Nomination of Directors

1. Nominations

Subject only to the Act and the articles of the Corporation, only persons who are nominated in accordance with the following procedures shall be eligible for election as directors of the Corporation. Nominations of persons for election to the Board may be made at any annual meeting of shareholders, or at any special meeting of shareholders, if one of the purposes for which the special meeting was called is the election of directors. Such nominations may be made:

- (a) by or at the direction of the Board, including pursuant to a notice of meeting;
- (b) by or at the direction or request of one or more shareholders pursuant to a proposal or a requisition made in accordance with the provisions of the Act; or

holder or beneficial owner of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting; and (B) who complies with the notice procedures set forth below in this By-Law.

2. Nomination Requirements

In addition to any other applicable requirements, for a nomination to be made by a Nominating Shareholder, the Nominating Shareholder must have given timely notice thereof in proper written form to the Corporate Secretary of the Corporation at the principal executive offices of the Corporation.

3. Timeliness

To be timely, a Nominating Shareholder's notice to the Corporate Secretary of the Corporation must be made:

- (a) in the case of an annual meeting of shareholders, not less than 30 nor more than 65 days prior to the date of the annual meeting of shareholders; provided, however, that in the event that the annual meeting of shareholders is to be held on a date that is less than 50 days after the date (the "**Notice Date**") on which the first public announcement of the date of the meeting was made, notice by the Nominating Shareholder may be made not later than the close of business on the tenth (10th) day following the Notice Date; and
- (b) in the case of a special meeting (which is not also an annual meeting) of shareholders called for the purpose of electing directors (whether or not called for other purposes), not later than the close of business on the fifteenth (15th) day following the date on which the first public announcement of the date of the meeting was made.

4. Proper Form of Timely Notice

To be in proper written form, a Nominating Shareholder's notice to the Corporate Secretary of the Corporation must set forth:

- (a) as to each person ("**Proposed Nominee**") whom the Nominating Shareholder proposes to nominate for election as a director: (A) the name, age, business address and residential address of the Proposed Nominee; (B) the principal occupation or employment of the Proposed Nominee; (C) the class or series and number of shares in the capital of the Corporation which are controlled or which are owned beneficially or of record by the Proposed Nominee as of the record date for the meeting of shareholders (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice; and (D) any other information relating to the Proposed Nominee that would be required to be disclosed in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act and Applicable Securities Laws; and
- (b) as to the Nominating Shareholder giving the notice: (A) the name and address of the Nominating Shareholder and (B) any proxy, contract, arrangement, understanding or relationship pursuant to which such Nominating Shareholder has a right to vote any shares of the Corporation and any other information relating to such Nominating Shareholder that would be required to be made in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act and Applicable Securities Laws.

The Corporation may require any Proposed Nominee to furnish such other information, including a written consent to act, as may reasonably be required by the Corporation to determine the eligibility of such Proposed Nominee to serve as an independent director of the Corporation or that could be material to a reasonable shareholder's understanding of the independence, or lack thereof, of such Proposed Nominee.

5. Eligibility

No person shall be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of this By-Law; provided, however, that nothing in this By-Law shall be deemed to preclude discussion by a shareholder (as distinct from the nomination of directors) at a meeting of shareholders of any matter in respect of which it would have been entitled to submit a proposal pursuant to the provisions of the Act. The Chairperson of the meeting shall have the power and duty to determine whether a nomination was made in accordance with the procedures set forth in the foregoing provisions and, if any proposed nomination is not in compliance with such foregoing provisions, to declare that such defective nomination shall be disregarded.

6. Delivery of Notice

Notwithstanding any other provision of this By-Law, notice given to the Corporate Secretary of the Corporation pursuant to this By-Law may only be given by personal delivery, facsimile transmission or by email (at such email address as stipulated from time to time by the Corporate Secretary of the Corporation for purposes of this notice), and shall be deemed to have been given and made only at the time it is served by personal delivery, email (at the aforesaid address) or sent by facsimile transmission (provided that receipt of confirmation of such transmission has been received) to the Corporate Secretary at the address of the principal executive offices of the Corporation; provided that if such delivery, transmission or electronic communication is made on a day which is a not a Business Day or later than 5:00 p.m. (Montreal time) on a day which is a Business Day, then such delivery, transmission or electronic communication shall be deemed to have been made on the subsequent day that is a Business Day.

7. Board Discretion

Notwithstanding the foregoing, the Board may, in its sole discretion, waive any requirement of this By-Law.
