SUPPLY CHAIN

Value Chain Analysis

Specify the main products you buy (raw material, sub-components,...)

Specify the main sub-contracted operations (special processes, heat treatments,...)

Please indicate the countries you buy from and the amount of spend

Country	Amount of spend (USD)	Part of the volume produced for HD

Specify your Outsourcing Ratio (purchases divided by sales)

Supply Chain Optimization & risk mitigation

Specify how you reduce your leadtime

Specify how you control your cost

Do you have an ERM-Hazard plan (Entreprise Risk management plan) Please describe

Do you have any succession plan. Please describe

Describe your capability of transfer of activities	<input type="text"/>
Describe how you flow down the customer requirements to your subtiers	<input type="text"/>
Describe how you manage risks	<input type="text"/>
